# Insider's Guide TO DANVILLE IMPROVEMENTS

## Downtown Wayfinding Signage

### PROJECT INFORMATION

This project consists of installing new permanent wayfinding signs at multiple locations throughout downtown Danville to help navigate pedestrian, car and bicycle traffic to key destinations, including public parking lots. The project will include pedestrian, vehicle and parking lot signs.

Construction will involve removing sections of existing sidewalk, installing foundations, bases, poles and signs, and replacing sidewalks. Signs will be installed in small groupings to limit impacts on pedestrian circulation.

This project is expected to take approximately one month to complete. Signs will be installed in small groupings to minimize impacts.

The project is scheduled to begin in February 2014 and be installed over the span of one month.
